BASIC THIRD PRODUCT SHEET

October 2024

PRODUCT SHEET

PRODUCT NAME BASIC THIRD

TECHNICAL DATA

HEIGHT	569 mm
WIDTH	329 mm
THICKNESS	30 mm
NUMBER OF TILES PER M ²	6.7
WEIGHT PER TILE	2.1 kg
WEIGHT PER M ²	14.1 kg
MATERIAL	recycled Polyvinylchlorid (PVC)
FLAMMABILITY (EN 13501-1:2018)	B-s3, d0
PRODUCTION TOLERANCES	+/-2%

INSTALLATION

Pretty Plastic tiles should be attached to a wall with an underlying wooden structure composed of wooden slats (C18). These slats should have a minimum dimension of 24x48mm or 28x45mm, which are commonly available sizes in the EU.

Secure each tile to the slat construction using screws. We recommend using SPAX Universal Screw 25/45x4mm or an equivalent product for this purpose.

PROCESSING

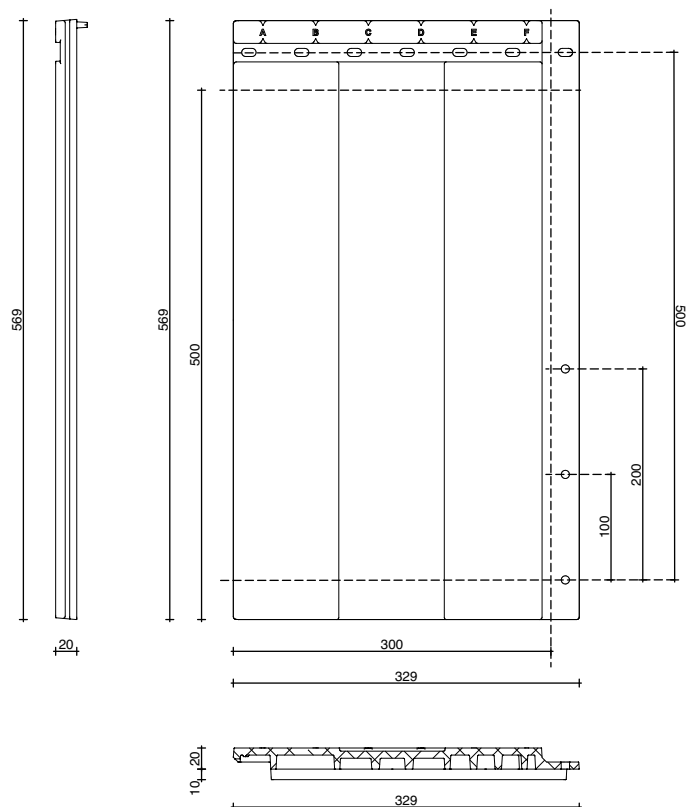

Pretty Plastic can be cut or drilled without producing any splinters.

COLOUR

Pretty Plastic is available in four different colours: ochre, terracotta, green, and grey, each offering three shades. Colours shown serve as representative examples to provide an initial impression. However, due to the inherent characteristics of recycled materials, the delivered product may exhibit slight variations in colour and finish.

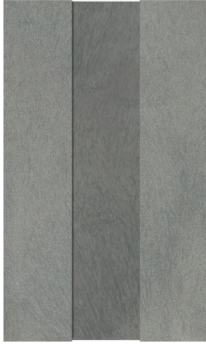

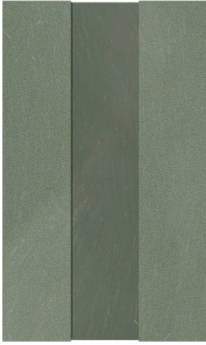

MAINTENANCE

Pretty Plastic is maintenance-free and can be cleaned using mild household cleaning products.

RELIEF

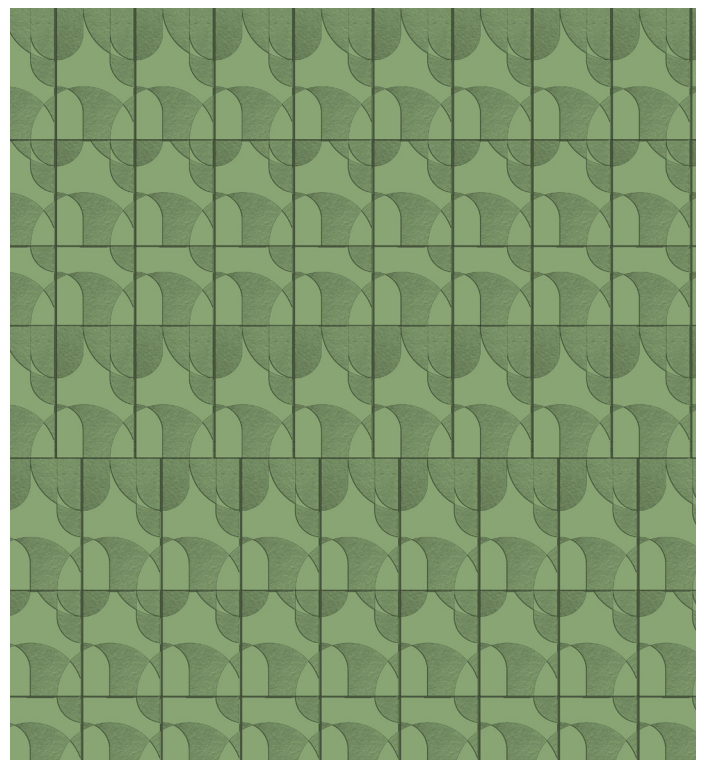

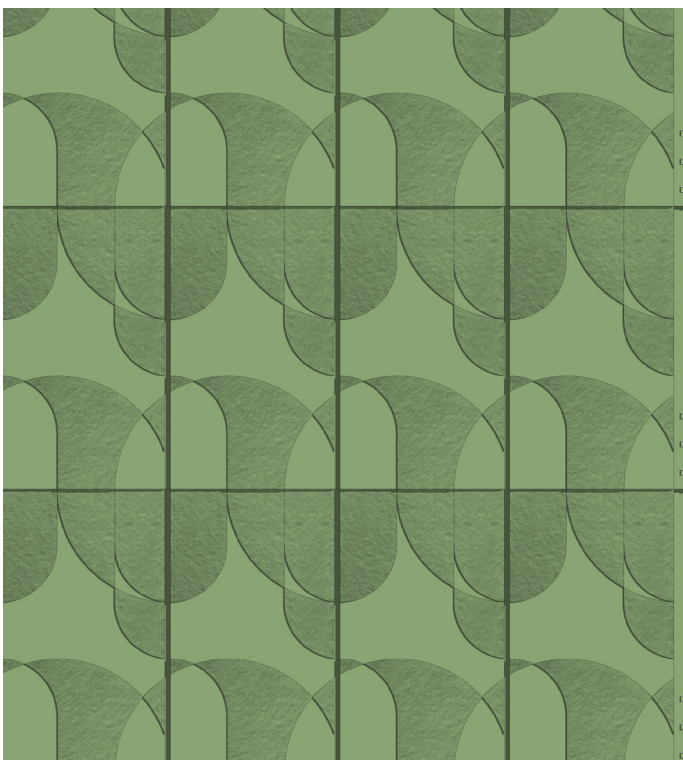

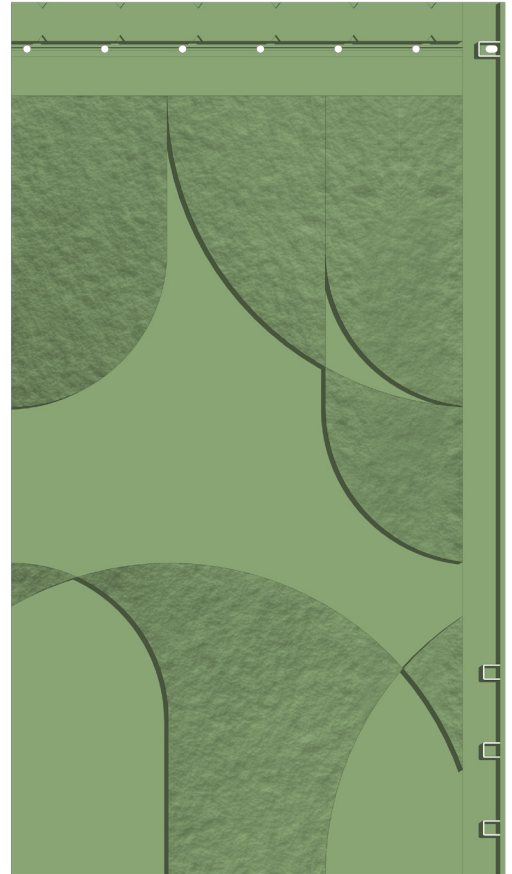

We currently produce our “Basic Third” tile in a standard format with a vertical relief but the design of the tile offers endless possibilities in reliefs and textures. The below indicated design studies give a first overview of these opportunities. Please contact Pretty Plastic to get more information on these bespoke editions.
